Archives fédérales suisses AFS
Archivio federale svizzero AFS

Date: 14.08.2020

Version: 1.0

1 Installation

- To install SIARD Suite, JRE version 1.8 or higher is required.
- Download the latest release of “SIARD-Suite-2.1.xxx.zip” on GitHub. (The link on the website of the Swiss Federal Archives leads directly to the correct zip-file)
- Extract (unzip) the downloaded folder before starting the installation.
- Depending on how the computer is set up, there are three different options to install SIARD Suite:
The most forward option is by double clicking on the siardgui.cmd. Most organisations use security barriers, which may block the execution of cmd-files. If this is the case, you can execute a jar-file or alternatively force the installation with a command.

1.1 Option 1: No security barriers

er PC > Downloads > SIARD-Suite-2.1.133 > siard_suite-2.1

Name	Änderungsdatum	Typ	Größe

siardtodb.sh	24.02.2020 11:12	SH-Datei	5 KB

Navigate to the unzipped folder “siard_suite-2.x” and double click on the file “siardgui.cmd”

(Or “siargui.sh” for LINUX)

1.2 Option 2: Security barriers block the execution of cmd-files

Dieser PC > Downloads > SIARD-Suite-2.1.133 > siard_suite-2.1 > lib

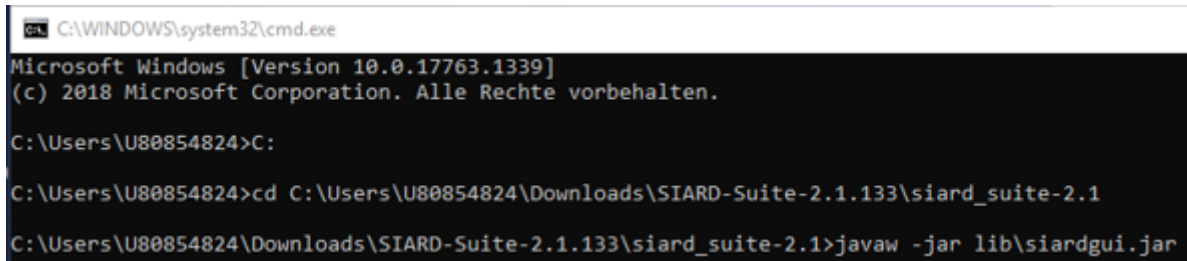

Name	Änderungsdatum	Typ	Größe
jdbcmsql.jar	24.02.2020 17:58	Executable Jar File	51 KB
jdbcmysql.jar	24.02.2020 17:58	Executable Jar File	46 KB

mysql-connector-java-8.0.11.jar	24.02.2020 11:12	Executable Jar File	1'989 KB
mysql-connector-java-8.0.18.jar	24.02.2020 11:12	Executable Jar File	2'276 KB
ojdbc6.jar	24.02.2020 11:12	Executable Jar File	3'311 KB
postgresql-42.2.5.jar	24.02.2020 11:12	Executable Jar File	807 KB
siardapi.jar	24.02.2020 17:58	Executable Jar File	273 KB
siardcmd.jar	24.02.2020 17:58	Executable Jar File	74 KB
siardgui.jar	24.02.2020 17:58	Executable Jar File	375 KB
sqljdbc41.jar	24.02.2020 11:12	Executable Jar File	640 KB

Navigate to the folder “lib” and double click on the file “siardgui.jar”

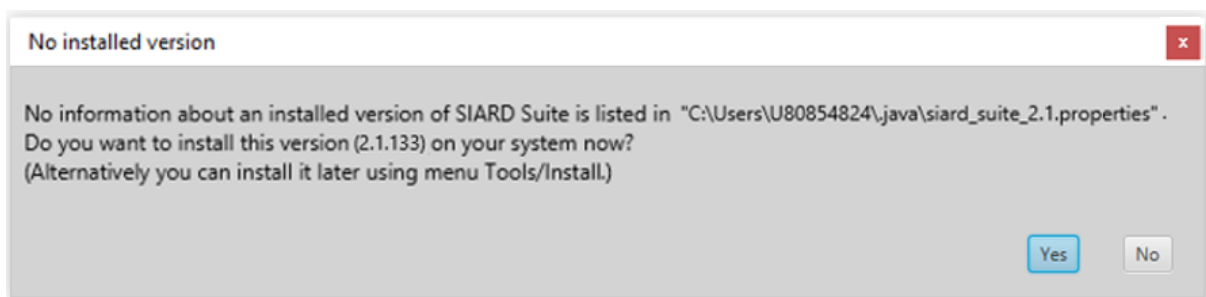

1.3 Option 3: Neither cmd nor jar files can be executed

Open a command window (Windows + R, then type “cmd”) and navigate to the path of the file “siardgui.cmd” described above. Type in the command line: **javaw -jar lib\siardgui.jar**

```
C:\WINDOWS\system32\cmd.exe
Microsoft Windows [Version 10.0.17763.1339]
(c) 2018 Microsoft Corporation. Alle Rechte vorbehalten.
C:\Users\U80854824>C:
C:\Users\U80854824>cd C:\Users\U80854824\Downloads\SIARD-Suite-2.1.133\siard_suite-2.1
C:\Users\U80854824\Downloads\SIARD-Suite-2.1.133\siard_suite-2.1>javaw -jar lib\siardgui.jar
```

→ Whichever option you choose, the following window will open automatically:

If you choose “Yes”, you will be prompted to enter the name of a new or empty folder where a copy of the SIARD distribution will be installed.

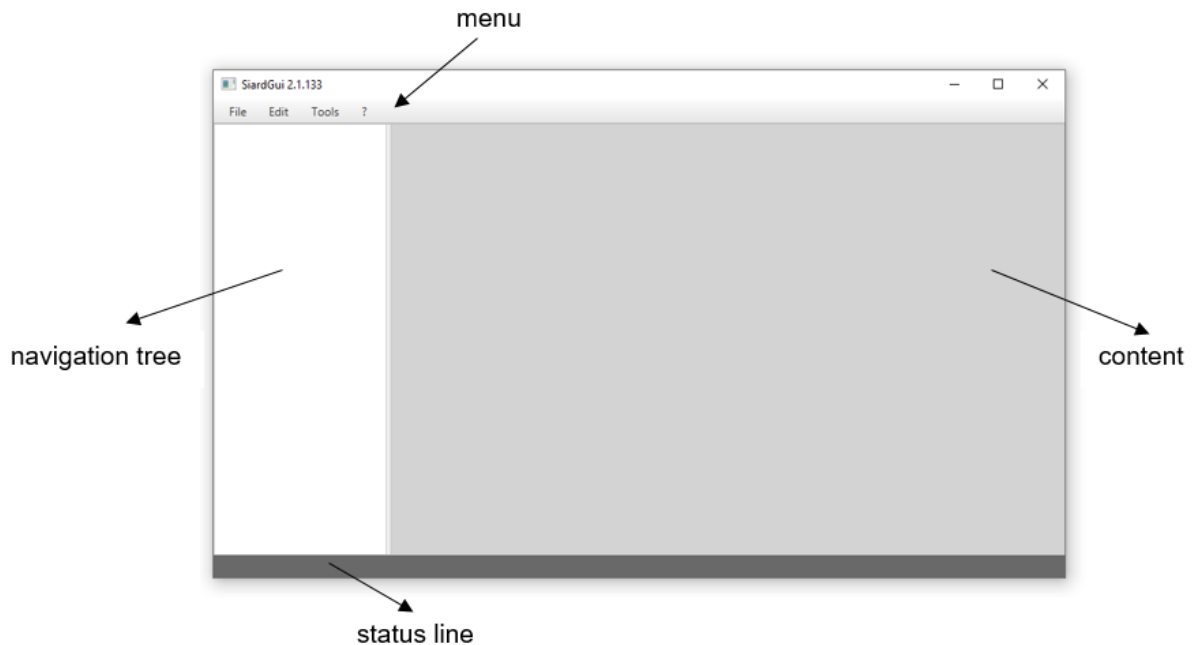

2 First steps

After successfully installing SIARD Suite, it can be started from the chosen folder (by double clicking on the linkage “SiardGui”) or in the Windows start menu.

The main window will open, which first always appears empty. It consists of a menu, navigation tree, content and a status line.

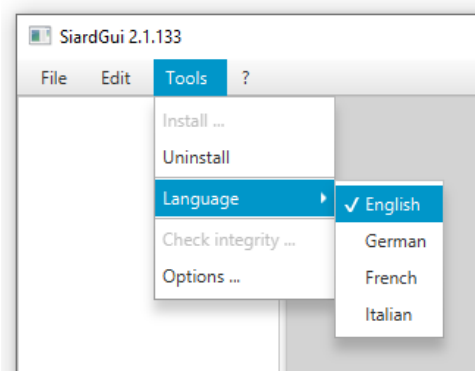

Note that the menu items are disabled when they are not applicable to the current situation.

- Open a file under *Menu > File > Open*

- Select your preferred language under *Menu > Tools > Language*

- You can find the extensive user manual under *Menu > ? > Help*. This will help you with all further steps while using SIARD Suite
